

# Sustainability platform in Hong Kong

## “Sustainability Platform in Hong Kong!”

Travel dates: 12 – 17 March 2012

Van 13 tot 16 maart wordt in Hong Kong het “Sustainability Platform” georganiseerd. Deze bijeenkomst biedt Nederlandse bedrijven en professionals die zijn gespecialiseerd in onder meer duurzame gebiedsontwikkeling, landaanwinning en energiebesparing, de kans om kennis te maken met de situatie in Hong Kong en in bredere zin de Pearl River Delta. Daarnaast kunnen zij tijdens het evenement lokale specialisten en mogelijke partners ontmoeten en leren van partijen die reeds in de regio actief zijn.

Doelgroepen voor deze reis zijn architecten, projectontwikkelaars, baggerbedrijven, de bouwsector plus toeleverende bedrijven, de energiesector, ingenieurs- en adviesbureaus met expertise in milieu, energie, duurzaamheid en infrastructuur plus branche organisaties en overheden die internationaal bij duurzaamheid betrokken zijn.

Het programma en informatie over de reis en kosten (inclusief companions programme) treft u aan in het programma hieronder.
